Upon the second suspension, revocation, or cancellation of a person's driving privileges under R.S. 32:415, the person shall after initial notice from the department, have the right to file a petition in the district court of the parish in which the applicant is domiciled alleging, for a restricted driver's license. There shall be no restricted driver's license issued upon a third or subsequent suspension, revocation, or cancellation of driving privileges under R.S. 32:415. Such application or petition for a restricted license shall allege that revocation of his driving privileges will deprive him or his family of the necessities of life, will prevent him from earning a livelihood, or prevent him from obtaining proper medical treatment if disabled. The district court is vested with jurisdiction to set the matter for contradictory hearing in open court upon ten days written notice to the department, and thereupon to determine whether the allegations of hardship have merit. Upon determination by the department or the court that the lack of a license would deprive the person or his family of the necessities of life or prevent the licensee from obtaining proper medical treatment if disabled, the department may grant or the court may order that the person be granted, by the department, a restricted license to enable the person to continue to support his family or to obtain such medical treatment as provided for in this Section. The restrictions of said license shall be determined by the department or the court and shall include the following:~~

(c) During the period of suspension, licensee shall be responsible for applying to the court in the event that either earning his livelihood or treatment of his debilitating condition as provided for in Subparagraph (e) of this Paragraph necessitates a change in the original restrictions proposed by the department or the court.

(d) Any other restrictions that the court determines to be necessary and proper.

(e) If the licensee is disabled and such disability is a physical impairment that substantially limits one or more of the major life activities of the licensee, such licensee shall be permitted to operate a motor vehicle only on such streets and at such times as would enable him to obtain medical treatment for his debilitating condition.

(f) In addition to any other restrictions determined necessary and proper by the department or the court, a license ordered issued and restricted under this Section must include the requirement of installation and maintenance of an ignition interlock device upon a motor vehicle to be used by the licensee during the course of the term of the restricted license, when the suspension of driving privileges arises from operating a vehicle under the influence of alcoholic beverages.

* * *

C. A violation of the restrictions or a subsequent conviction of any offense involving the operation of a motor vehicle or watercraft during the term of the restricted license shall result in the extension

of the period of suspension, revocation, or cancellation for one year from the date upon which the licensee would otherwise have been able to apply for new license and shall also constitute contempt of court. Suspension, revocation, or cancellation that results from such a violation shall not be subject to appeal as set forth in this Section. Except as provided in R.S. 32:378.2(B), restricted driving privileges for this Section may be allowed to a person only ~~once~~ two times.
